IN ATTENDANCE : Mrs K Pickering – Clerk.
Cllr P Clark, Cllr R Hannigan, Cllr D Wells.

Welcome to Claire Welford – Engagement Officer Humberside Police and Crime
Commissioner - North Lincolnshire.

Claire advised the meeting that her role and that of the Police and Crime
Commissioner (Keith Hunter) is to be the voice of the people to the police. They
endeavour to provide the services the public require from the police force and ensure
that crime and community issues are resolved. They work with other agencies and
services – NATS, safer neighbourhoods etc to try and promote a joined up service.

Keith Hunter is particularly passionate about Local and neighbourhood policing.
The queue buster for the 101 service is now resolved – this is a service which puts
you in a queue and rings you back and is deemed to be one of the best services in the
country. It is hoped that Humberside Police force can maintain the 1900 police
officers and recruiting is on-going.

Claire advised the meeting that anyone not happy with the service they have received
(or not received) from the police should contact her and she will follow up why the
service was not as the public expected.

The police precept increase this year is likely to be 11/12% - which is necessary to
maintain the jobs of 1900 police officers.

The chairman thanked Claire Welford for attending the meeting.

9. NORTH LINCOLNSHIRE COUNCIL MATTERS

- i. Reports from N.L.C representatives – Cllr Wells advised that the 20mph flashing school crossing lights will be erected this week. There is an App for your phone which advises you if the stagecoach bus service is running late or delayed.
- ii. A180 Road closure/diversion route for A180 closure/village weight limit – update on petition - Cllr Hannigan advised the meeting that the report from the petition hearing from officers and the panel had been circulated today and it concluded that a weight limit will not be installed in Ulceby. Some of the reasons for refusal of a weight limit in the village were that the diversion route was deemed to be more dangerous than through the village of Ulceby, the accident rate in Ulceby is very low and that a weight limit in the village would not be policed by Humberside Police. The outcome of the petition hearing cannot be challenged. Cllr Hannigan advised the meeting that he would push for a 30mph limit through the village, into Ulceby Skitter to the level crossing. Cllr Birtle advised the meeting that he felt that some of the data used by N.L.C to support the view that a weight limit was not necessary, was inaccurate, some representations were irrelevant and some questions were not appropriately responded to and therefore the 'no right to appeal' to the petition hearing conclusion was very frustrating. Cllr Birtle advised the meeting that the petition group were very disappointed with the panel's decision but would comprehensively read the report from N.L.C and decide upon their next course of action. Cllr Hannigan advised the meeting that the A180 diversion route was still in consultation but he was hopeful that the diversion route for both planned and emergency closures of the A180 could avoid Ulceby.
- iii. Coronation Road – drainage work – update on information provided by Anglian water with regard to sewerage drainage on Coronation Road and Abbey Road. The works on Coronation Road are progressing and the sewerage drainage work for Abbey Road and Coronation Road will be linked in appropriately with the current drainage works.
- iv. Directional signage at Ulceby crossroads – to approve proposals for signs provided by N.L.C in this area and to discuss the removal of the barriers and confirm response to N.L.C.
The meeting agreed that they would prefer the pedestrian barriers to remain and to ask N.L.C to place the new signs on the existing barriers – rather than removing the barriers.
- v. New N.L.C matters: The condition of the road surface on Station Road – all the way to Ulceby Skitter is very poor and needs resurfacing and repair. The bins in the lay-bys on the A180 need emptying more frequently as they are always overflowing.
