- d) To advise that Ulceby PC has been awarded £500 from the N.L.C 'In Bloom' fund. Clerk to make necessary arrangements to claim this grant.

7. Police Matters :

- a) Community Speed Watch – In 2022 the community speed watch team undertook 31 attendances , monitoring 5100 vehicles with 396 vehicles travelling over the legal speed limit. The speed watch initiative is making a difference to vehicle speeds in the village and discussions have taken place regarding providing the community speed watch volunteers with more advanced equipment.
- b) NATS meeting – The next NATS meeting will be held on 15th February 2023 at 6pm in the Vickers room at Barrow Upon Humber.

8. North Lincolnshire Council Matters:

- a) Reports from N.L.C representatives: Cllr Hannigan advised the meeting that N.L.C will be providing £250 Coronation grants.
- b) Road Safety :
 - i. Additional radar speed signs in Ulceby – clerk has made contact with J Lillicrap of N.L.C to arrange a site meeting with Ulceby PC and URSG representatives. Awaiting confirmation of date.
 - ii. Weight Limit for Ulceby and surrounding villages – It was noted that the weight limit in the village has improved the quality of life for all residents. The number of HGV's travelling through the village has greatly reduced and this 'trial' weight limit seems to be working very successfully. There are one or two vehicles that pass through the village which perhaps should not be, these are being monitored and The Police will enforce if necessary. The signage at The Truck Stop is not always visible – can be obstructed by vehicles exiting the Truck Stop.
- c) Station Road – land for community garden/allotments: Lease: The hedges have been cut back by N.L.C and the lease break clause agreed. The meeting felt that the possibility of flooding to houses on Station Road was very minimal and remedial work could be undertaken if this matter became a problem. It was noted that grant funding will be available to progress this project and the S106 money from the Station Road development will be available for this project.
IT WAS RESOLVED unanimously to proceed with this project and arrange to formally sign the lease for this land.
- d) New matters to report: It was reported that the footpaths in the village need attention and resurfacing – particularly along Station road down to the Skitter and at the entrance of James Place. Cllr Clark will ask for all the footpaths to be inspected. The road surface along West End road to Croxton – to Singleton Birch is in a very poor state – Ward Councillors advised that this road is planned to be resurfaced. It was noted that vehicles are overtaking in a dangerous manner once they have passed over the railway crossing – travelling towards The Truck Stop. They over take as cars in front at intending to turn right into their property drives/access. Road signs or markings are required to prevent an accident happening. It was also noted that vehicles are travelling too fast from the Truck Stop towards the railway line/village.

2022/3 - 26

A discussion took place regarding the intended double yellow lines from Abdals to the village hall and it was suggested that these double yellow lines should be extended right up to where Station Road starts. It was felt that when the new Keigar Homes which access/exit onto Spruce lane are occupied – cars parking adjacent will cause visibility problems. It was noted that when the village hall has a large event many cars do park on the road outside the village hall – double yellow lines would prevent this facility and cause problems. It was agreed that this matter needed further discussion at the next parish council meeting.

10. **Environmental and Village issues**

a) New matters to report: The yew hedge on the corner of Front Street is badly overhanging the pavement and causing pedestrians to walk on the road. Clerk to contact N.L.C and ask the enforcement officer to inspect and advise accordingly. A discussion took place regarding the Community Hub at Halmshaws yard and the newly acquired bus which is intended to be a living space.
